

```
/*  
bug_2
```

This program is supposed to print 0.1 but it instead prints 0.0. Find and fix the bug.
*/

```
#include <stdio.h>  
#include <cs50.h>
```

```
int main(void)  
{
```

```
    float dec = 1 / 10;  
    printf("%.1f\n", dec);
```

```
}
```
